## EVENTS

JEC EUROPE 2013

12 - 14 March 2013

Pro-Systems SpA is very pleased to invite you at its booth n. L 82 at JEC 2013 - Parc des Expositions, Portes de Versailles PARIS

Dear Sirs,

We are pleased to announce that our new web site is now online and you will have the possibility to register and access to customer area, to obtain more detailed information on our product range which includes both products for ballistic protection ( fabric for ballistic protection; pre-pregs; laminates for knife protection; panels for armoring; ballistic plates) and for advanced composites (carbon fabric; carbon pre-pregs; glass fabric and hybrids).

Our commercial department is at your disposal for any information and we hope you'll appreciate our new website.

**For any inquiries please write to**
